Bosch congratulates Top Technician Runner Up Shaun Miller from Millers Garage

- ▶ Shaun Miller of Millers Garage in Newbury has been named runner-up of Top Technician competition
- ▶ Millers Garage has been part of the Bosch Car Service network since December 2011
- ▶ Shaun says: “This competition was a real test of my skills”

Aftermarket’s Top Technician competition has recognised Shaun Miller as a runner up in the competition. Open to independent, fast fit and franchised dealer technicians, the competition is designed to pit technician against technician in a number of challenges that test their knowledge and skills.

The winner of Top Technician 2017 was announced at a full-day training event hosted by Aftermarket that included both practical and classroom based sessions, called ‘Top Technician Live’, on Saturday 16 September.

Runner up Shaun received a £500 cheque from Aftermarket Magazine, as well as a mix of garage equipment and advertising support for the garage business.

Shaun Miller, Workshop Manager at Millers Garage said: “Every tech should enter this as no matter what the result it, you get to see where your skill level is at and where and how to improve your skills. The competition was tough, so I’m delighted to be named as the runner up, beating out so many other technicians to come second overall.”

Ian Daly, Workshop Channel Marketer for Bosch Car Service, UK said: “Bosch Car Service garages benefit from access to Bosch training, and we encourage technicians to upskill and continue to stay ahead of the game. Congratulations go to Shaun for doing such a great job in a very difficult competition, we are delighted to have him and Millers Garage as part of the Bosch Car Service network.”

The Automotive Aftermarket division (AA) provides the aftermarket and repair shops worldwide with a complete range of diagnostic and repair shop equipment and a wide range of spare parts – from new and exchange parts to repair solutions – for passenger cars and commercial vehicles. Its product portfolio includes products made as Bosch original equipment, as well as aftermarket products and services developed and manufactured in-house. About 18,000 associates in 150 countries, as well as a global logistics network, ensure that some 650,000 different spare parts reach customers quickly and on time. In its “Automotive Service Solutions” operations, AA supplies testing and repair-shop technology, diagnostic software, service training, and information services. In addition, the division is responsible for the “Bosch Service” repair-shop franchise, one of the world’s largest independent chains of repair-shops, with some 17,000 workshops. In addition, AA is responsible for more than 1,000 “AutoCrew” partners.
